

POWERFUL YOUTH GLOBAL LEADERSHIP ACADEMIES

PASSION + PURPOSE = CHANGE

TRANSFORMATIVE LEADERSHIP TRAINING FOR YOUTH TO CREATE MEANINGFUL SOCIAL IMPACT

PROGRAMS FOR AGES 12 TO 18 YEARS OLD

YOUTH ARE POWERFUL! BUT WHERE CAN THEY BUILD THE STRENGTH, SKILLS AND EXPERIENCE TO REALIZE THEIR POTENTIAL TO BE A LEADER?

Our Global Leadership Academies are once in a lifetime opportunity for youth to both transform themselves while creating measurable community benefit to our global community!

These are **NOT** a summer camp! Developed by expert leadership educators, GLA is an intensive 2-week training experience followed by 6 months of online coaching to uncover the passionate leader within every youth.

Develop Leadership Skills

Leadership, like swimming, does not come from simply reading books or listening to lectures. In order to be an effective leader, participants will **learn, do, and review** their behavior after every individual and team activity supported by our expert staff. In special partnership with **Brookes Education Group**, our staff come from around the globe with decades of youth and leadership training expertise to help youth to uncover their passion, lead with purpose and develop their own leadership identity.

"My experience at Powerful Youth's Global Leadership Academy was simply amazing! I never expected a program could challenge me and change my perspective of the world this much. This program made me wiser, more confident and realize my leadership potential."

- Dwayne G. Alumni

Build Confidence

Whether it's completing a 20 meter high ropes course, volunteering at a sustainable ECO-Village, making new friends, or designing an innovative DREAM service project, participant's will build self-confidence through close guidance, positive reinforcement as well as redefining their comfort zone.

Strengthen Relationships

Meeting new people from different cultures can be both exhilarating and challenging at the same time, but

having fun and accepting each other's perspective is absolutely critical for any leader. In previous years, participants have come from over 17+ countries and many still stay in touch to this day.

Make an Impact

Participant's come to learn about how to effectively lead others, but in the process, learn to better lead themselves and change within their communities. Youth will actively engage in 50+ hours of service learning throughout GLA, as a means to show leadership as a tool to create measurable social and environmental impact.

LEARN LEADERSHIP THROUGH SERVICE LEARNING

Ever help build a house from ecofriendly materials for a family in need? Youth not only engage in service learning but they create their own service project supported by online up to 6 months of online coaching.

PROGRAMS IN CANADA, PERU, AND THE U.K.

Through partnerships with Brookes Education Group and Casuarinas International College, our programs run in some of the most interesting, beautiful and easy to access locations worldwide.

TRANSFORMING YOUTH TO TRANSFORM OUR WORLD

Every day is a completely different adventure driven by our special experience-based approach. Team challenges, service learning trips, sports, artistic collaboration, outdoor adventures, inspirational speakers, and leadership development results in lifelong learning and friendships. A unique requirement of GLA is that each participant will design and do their own D.R.E.A.M. service project within 6 months of graduation. We provide monthly coaching and support during this time to ensure continued personal development and community impact!

Students engage in continuous team based learning throughout the 2-week experience along with other students from nearly every

What Participants Learn:

- Leadership models and team building strategies
- Communication and public speaking skills
- Project planning and time management tools
- SMART goal setting and personal development plans
- Emotional intelligence and conflict resolution training
